

WISCONSIN HOSPICE AND PALLIATIVE CARE ASSOCIATION

The Wisconsin Hospice and Palliative Care Association (WiHPCA) is the only organization representing hospice and palliative care providers in Wisconsin. WiHPCA was established to offer resources and support for provider members, promote public awareness, and improve the delivery of hospice and palliative care throughout the state.

WiHPCA MISSION:

The Wisconsin Hospice and Palliative Care Association is committed to ensuring optimal outcomes and growing access to care for individuals facing life-limiting illness by supporting provider members with advocacy, education, strategic partnerships, and community support.

WiHPCA HISTORY:

Focused on improving care for patients and families, Wisconsin hospice and palliative care providers identified the need to unify on the state level to help advance critical programs, enhance professional education, and provide information to policymakers, regulators, and payers. As a result, WiHPCA was established and today offers comprehensive member support services and provides valuable information about hospice and

palliative care to the people of Wisconsin.

WiHPCA ADVOCACY:

WiHPCA members are committed to working with state and federal lawmakers to promote programs and policies that improve hospice and palliative care in Wisconsin. Quality life-limiting and end-of-life care plays a pivotal role in the lives of patients and families, and it is increasingly important for policymakers to address the regulatory challenges facing our industry and focus on innovative, effective approaches to enhance the state's hospice and palliative care industry.

If you have any questions about WiHPCA or hospice and palliative care, please feel free to reach out to WiHPCA's Government Affairs Team, which is led by Tim Hoven and Erik Kanter at Hoven Consulting. They can be reached at tim@hovenconsulting.com; erik@hovenconsulting.com; or by calling (608) 310-8833.
